GROUNDBREAKING EVENT PLANNED FOR WATER SUPPLY PROJECT TO PROTECT PAJARO VALLEY'S GROUNDWATER RESOURCES

FRIDAY, JUNE 9: MEDIA INVITED TO GROUNDBREAKING FOR COLLEGE LAKE WATER SUPPLY PROJECT CONSTRUCTION

WHEN & WHERE:

Friday, June 9 at 10: a.m.

Pajaro Valley Water Management Agency Construction Site
76 Holohan Road, Watsonville, CA 95076

WHAT & WHY:

Pajaro Valley Water Management Agency (PV Water) is celebrating the groundbreaking of the College Lake Water Supply Project Construction, which will construct new pump station, water treatment plant and a 6-mile, 30-inch water pipeline to transport treated water from College Lake to support over 5,500 acres of farmland, helping to protect the groundwater resources of the Pajaro Valley from seawater intrusion.

Members of the media are invited to a hear from key project members and learn about the project.

WHO:

Congresswoman Zoe Lofgren, D-CA 18th District
CA Department of Water Resources, Carmel Brown
PV Water Board Chair Amy Newell
PV Water Board member and former general manager Mary Bannister
PV Water General Manager Brian Lockwood

The College Lake Water Supply Project is managed by Pajaro Valley Water Management Agency.
